

## AN EXTRA SESSION

The President Will Call the Congress Together Prior to December Next.

## TO RATIFY RECIPROCITY TREATY.

The Officials of Cuba Have Been So Informed by Secretary of State Hay.

Unless This Is Done the Chances of the Cuban Senate Ratifying the Reciprocity Treaty Appears to Be Very Slender.

Havana, March 27.—The chances for the carrying through of the reciprocity treaty appeared slender Thursday night, unless the United States government concedes the right to the Cuban senate to provide that the treaty shall not be effective unless it is ratified by the United States congress during the present year.

The senate committee on foreign relations met Thursday afternoon and decided to report Friday in favor of the adoption of all the amendments added by the United States senate to the treaty, but also to adopt a separate provision as an accompaniment to the effect that the ratification must be completed before December 31.

The chairman of the foreign relations committee, Senor Bustamante, made a statement to a press representative at the session of Thursday's meeting, at which were heard the representative of the commercial and manufacturing interests, all of whom favored the ratification of the amended treaty and urged that it be made effective as early as possible. During the afternoon, said Senor Bustamante, the committee were informed of the contents of a cable from Secretary Hay to the effect that the treaty could not now be amended, that the amendment covering the reference to congress applied only to the United States congress and giving assurances of President Roosevelt's intention to call a special session of congress prior to December. It was believed that these assurances, coupled with the unanimity with which the business men who were consulted, urged the ratification of the treaty, would result in a favorable report unhampered by any condition, but the committeemen appear to believe that the condition they recommend will not injure the treaty.

## UXORICIDE AND SUICIDE.

W. J. Cogan Shot and Killed His Wife and Himself at Hyman, Pa.

Bedford, Pa., March 27.—W. J. Cogan, of Saxton, Thursday shot and killed his wife and himself at the Baltimore & Ohio railroad station at Hyman. Cogan and his wife had quarreled, but he kissed her and bade her good-bye, bought a ticket and boarded the train. He walked through one car, came out again on the platform, approached his wife and, with an oath, whipped out a revolver and shot her. He then committed suicide.

## TRACKS OBSTRUCTED.

Top of a Mountain Fell on the B. & O. Road at Dawson.

Keyser, W. Va., March 27.—The top of a mountain fell down on the Baltimore & Ohio railroad tracks near Dawson Thursday. The slide covers 200 feet and some of the rocks are as big as box cars. A dynamite steam crane is removing the obstruction. Until the tracks are cleared Baltimore & Ohio trains will be sent over the West Virginia Central tracks.

The wife of Mr. John White died this morning at 5 o'clock, of smallpox. The family live on the north side of the Fleming pike near the city limits. They moved here from Mayslick. Mrs. White had recently given birth to a child, that died, and her death was no doubt due as much to these troubles as to the disease.

The protracted meeting at the Christian Church closed last night. There were fifteen accessions to the membership, and much good was accomplished. The gospel was preached in all its simplicity and with power. Rain interfered with the services a great deal at first and then came the smallpox scare. The services may be resumed as soon as the scare subsides.

Edward Leo Murphy, aged sixteen, died last night at 9:20 o'clock at the home of his mother, Mrs. Jane Murphy, on East Fourth street, of typhoid fever. He had been ill sixteen days, and was thought to be improving, but was taken worse suddenly Thursday, and sank rapidly till the end. Secretary of the Board of Trade H. C. Curran has been appointed by the Kentucky Exhibit Association the Mason County agent through whom the "New Kentucky Home Button" will be distributed to interested citizens. The button is very pretty in design and gives an exact reproduction of the building which will be the home of all citizens visiting St. Louis in 1904. One dollar is the whole cost, and the pride Kentuckians should feel in this matter should cause them to be quickly absorbed and thus all individually have an interest in this enterprise.

The new K. of P. lodge at Mayslick started out with these members: Messrs. A. P. Gooding, C. A. Howard, W. H. Cole, J. A. Manley, T. P. Hopper, J. M. McGee, John Rose, Wm. Meisner, J. H. Clark, C. E. ## Eugene Lockhart of the Kilties.

The nine-year-old lad, Eugene Lockhart, who is acknowledged as the best of all Scottish boy dancers, and belongs to the Kilties Band corps of Highland dancers and pipers on its present tour, adds a delightful and clever feature to the organization's entertainment. He is not alone a Highland dancer, but excels in Irish character dancing as well. The Countess of Aberdeen, one of Eugene's warmest admirers, wrote him as follows from Government House: "The Countess of Aberdeen begs to state with how much pleasure she witnessed the dancing of the smart little Highland laddie, Eugene Lockhart, on the occasion of the Hospital Fair at London. Lady Aberdeen begs to offer best wishes for his success in whatever career he may adopt." His appearance will be at Washington Opera House Wednesday, April 15th, afternoon and night.

## TO REFUND BONDS.

An Amount Not Exceeding \$100,000 of Three and Four Per Cents Will Be Received.

## NEW BONDS ISSUED IN EXCHANGE.

Accrued Interests on Both the Old and the New Will Be Calculated to Date of Exchange.

They May Be Surrendered at Prices Yielding to the Investors An Income of 2-1/4 Per Cent. Per Annum.

Washington, March 27.—The secretary of the treasury Thursday published a circular announcing that on and after April 1, 1903, he will receive for refunding, under authority of Section 11 of the act of March 14, 1900, to an amount not exceeding \$100,000, any of the bonds of the three per cent. loan of 1903-1918, and four per cent. funded loan of 1907. They may be surrendered at prices yielding to the investor an income of 2 1/4 per cent. per annum and the new bonds will be issued in exchange at a premium of two per cent. Accrued interest on both old and new bonds will be calculated to date of exchange.

There are now outstanding about \$97,000,000 three per cent. bonds and \$233,000,000 four of 1907, which are affected by the circular issued Thursday. There are also outstanding about \$446,000,000 of the two per cent. consols of 1930, issued under the act of March 14, 1900. These two per cent. bonds were issued in 1900 at par, under provisions of the refunding act. If the new bonds were to be issued now at par there would be a profit to the owners of the bonds, taking the present market valuation as a basis, of about four per cent. for the three per cent. bonds surrendered, and about five and one-half per cent. for the four per cent. bonds. The secretary desires to obtain an equitable share of this profit for the government, which is the reason for charging a premium of two per cent. upon new bonds to be issued.

## M'KINLEY'S PORTRAIT.

The One Painted By W. D. Murphy Will Be Placed in the White House.

Washington, March 27.—The portrait of the late President McKinley, painted by W. D. Murphy, who was in competition with a number of artists, has been accepted by Col. Bingham, superintendent of public buildings and grounds, as the one that will be hung in the white house. The portrait has met the approval of some of the late president's closest friends in Ohio. The portrait is life size and represents the president in one of his characteristic attitudes. It was submitted to Justice Day before being accepted and he suggested a few minor changes, which have been made.

The territory of Hawaii also was authorized by the same act to issue bonds not to exceed \$500,000 in amount, the proceeds of which will be applied to the payment of its share of the judgments.

## SOUVENIR BUTTONS

Going Like "Hot Cakes" All Over the State. Handsomely Mounted, One to a Card and Twelve to a Card. With Catchy Phrases.

Some delay in the delivery of the Kentucky building souvenir buttons was occasioned by mounting them on cards. They were all ready the first of this week, however, and every mail and express train out of Louisville for Kentucky points is carrying bundles of them to agents eagerly awaiting the delivery. The delay was unavoidable, but it served admirably to whet the appetite of the public for the buttons, not that they are good to eat but good to look upon.

The buttons are mounted twelve to a card for store windows, and for sale on the streets and on trains. The printing on these cards is in red, the wording being in four lines, as follows: "Kentucky building souvenir button. Every sale adds a dollar to 'New Kentucky Home' fund. Help this little to develop your State." Eight thousand of the buttons are mounted in this way, and 17,000 one to a card, with these two lines: "I'm all yours for a dollar—Kentucky must have a home at the World's Fair."

Every cent derived from the sale of the buttons will go into the erection of the Kentucky Building, the Kentucky Exhibit Association having decided to reserve the fund which comes from the business element of the State—the commercial and industrial life—for a complete display of Kentucky's products and resources in the main exhibit places of the exposition.

These facts considered it is believed that the public will make liberal purchases of the buttons. Buying one or more of them will mean patriotism and State pride.

## INQUEST CLOSED.

Authorities Failed to Secure Evidence Bearing Directly Upon Murder of Mr. Burdick.

## HIS CHARACTER WAS VINDICATED.

The Testimony Showed Him to Be a Loving Father and a Forgiving and Indulgent Husband.

An Official Inquiry Into the Death of Arthur R. Pennell, Who Was a Prominent Figure in the Case, Will Begin Monday.

Buffalo, N. Y., March 27.—The inquest into the death of Edwin L. Burdick, who was murdered just a month ago Thursday, in his home in Ashland avenue, ended Thursday afternoon. At the close of the inquest Judge Murphy announced that an official inquiry into the death of Arthur R. Pennell, who has figured prominently in the Burdick inquest, would be begun on Monday.

The Burdick inquest has served to develop several theories relative to the crime. But the investigation has not added anything more than an appearance of reasonability to any of these theories.

Aside from the failure of the authorities to secure evidence bearing directly upon the commission of the crime to establish the identity of the murderer, there is a feeling of satisfaction that the name of Mr. Burdick has been lifted from the mire in which it was first dragged, and that his character has been shown in its true light. The evidence brought out under the examination of witnesses has shown Burdick to have been a loving father; always willing to sacrifice his own happiness and pride for the sake of his children; that he was the victim of false friendship, broken pledges and, in face of it all, a forgiving, indulgent husband.

The efforts of the authorities to fix the crime upon some one will not end with the inquest. At the same time there is now little hope of success in this undertaking.

Judge Murphy said after court adjourned Thursday afternoon that his judgment in the case would not be handed down until Monday or perhaps later in the week. It is possible that he may issue warrants for the arrest of "John Doe" and "Jane Doe." If Judge Murphy sees fit to take such action the district attorney will be obliged to submit the whole case to the grand jury.

Three new witnesses appeared on the stand Thursday. They were Rev. L. M. Powers, pastor of the church of the Messiah, where the Burdick family and Mrs. Hull were regular attendants, and Detectives Cornish and Coughlin, who were the first policemen to arrive at the Burdick home when the crime was discovered. Mrs. Hull, Carol Burdick and Maggie Murray, the Burdick cook, were recalled to straighten out, if possible, conflicting testimony given by while on the witness stand.

The report of City Chemist Hill was read by the district attorney. It stated that no poison was found in the cocktail bottle or in the stomach of the dead man, and also that there were no blood stains on the golf stick taken from the Burdick home after the murder, which eliminates the golf stick as the possible weapon with which Burdick was killed.

LEXINGTON may try creosote pine blocks for paving her streets. It's throwing money away for Lexington or any other city to pave streets with anything unless they receive proper care afterwards.

For the year ending December 31, 1902, the net profits of the American Tobacco Company were \$7,450,000, of the Continental Tobacco Company \$1,777,000; of the Consolidated Tobacco Company \$13,000,000, making an all-told net profit of \$22,228,000 diverted from the pockets of the tobacco raisers to the coffers of the trusts, says the Glasgow Times. If figures such as these fail to arouse producers, then nothing short of Gabriel's horn will stir them to action. They must combine if they want to fight the trust.

## THE CITY'S NEED.

One thing has become very apparent as a result of the repeated outbreaks of smallpox in Maysville during the past year or so, and that is that the city needs an eruptive hospital for the proper and economical handling of the disease. A good, comfortable building constructed in some out of the way place, on plans insuring the proper sanitation of the establishment and the humane care of the inmates, should be provided by the City Council, and the sooner the better. It should be such a building that no one could object to being removed to in case of sickness from smallpox.

We don't want an old "shack" boxed up out of rough boards, ily ventilated and poorly warmed—a gloomy, cheerless place where no one wants to be removed. It's bad enough to be afflicted with the disease, but patients would be rendered all the worse by being forced into such a dreary dismal place as some of the pesthouses of the State. We believe the taxpayers of Maysville stand ready to sanction the expenditure of any reasonable sum for the erection of a hospital that will be a credit to the city.

Erect such a hospital and provide physicians and an efficient corps of immunes as nurses and helps, and the city will then be in a position to properly handle any scourge that comes along, and that too without any disturbance whatever to the business interests of the city. The loss sustained by the merchants of Maysville during the past week of two would more than pay for such a hospital.

With such a building the removal of people stricken with the disease could be promptly effected, and the danger of infection thus centralized, and thus more effectually combatted. Under present conditions, with patients in their homes scattered about the city, every case is a source of infection, and the proper treatment and care of the sick necessarily made more difficult and expensive. As long as smallpox cards hang from the doors of residences here and there about the city business as going to suffer, and the danger of infection increased.

The Mayor and City Council should take hold of this question in a sensible and business like manner, and the public will heartily commend them for doing so. The high point on Hord's Hill has been suggested as an admirable location for such a hospital. It is not likely that it will ever be used for any other purpose. It is far enough removed from residences to leave no danger from infection, and being high above the city would lessen any objections that could be raised to any other location.

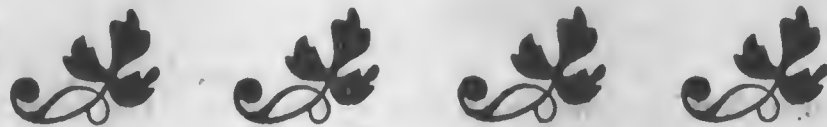

## The Law in Regard to Smallpox.

Section 2000 of the General Statutes of Kentucky provides a fine of \$5 for each day any physician or head of a family fails to report to the Board of Health any case of smallpox or other epidemic disease. There is also a fine of not less than \$100 nor more than \$1,000 for any person who having reason to believe himself afflicted with smallpox shall voluntarily go upon any public highway, street, public place, etc.

# GOOD SEEDS ROW GOOD CROPS.

That's why you should buy Landreth's Seeds, as you get fresh seeds and of known variety. All Landreth's Seeds were grown last year, from seeds whose variety had been proved, and under the most favorable conditions for each kind. They had the precise attention to details in gathering, &c., which only the practical seed grower knows how to give. All this should make them worth more to you than seeds picked up here, there and anywhere, but we sell them as low as you pay for the inferior kinds.

We are exclusive agents in Maysville for Landreth's Seeds.

### HEALTH OFFICERS.

#### Court of Appeals Rules They Can Not Recover From County Where Patients Are Able to Pay.

In reversing the case of Hudgins against Carter County, the Court of Appeals made an important ruling as to the payment of claims of health officers. The court said:

Appellant was appointed Health Officer of Carter County by the Board of Health of said county and presented to the Fiscal Court his claim for \$4,050 for services rendered and medicines furnished during an epidemic of smallpox in said county. Said court refused to allow his claim. He brought this action in the Circuit Court on his claim for \$4,550.

The Circuit Court dismissed his petition on the ground that the proceeding should have been by appeal from the judgment of the Fiscal Court, and because the Circuit Court has no jurisdiction to vacate or modify an order or judgment of the Fiscal Court except on appeal taken to said court.

Held—That while it was necessary that appellant should first present his claim to the Fiscal Court he is not confined to his remedy by appeal, but may then institute an action on his claim.

He must confine his claim to the amount presented to the Fiscal Court.

He can not recover against the county for services and medicine rendered and furnished to

persons who were able to pay for same. He can only recover for his services and medicines rendered and furnished to indigent persons, and for services and general supervision rendered by him which was necessary or reasonably necessary to quarantine and keep the smallpox under control and prevent the spread of the disease and for attention to those quarantined.

Maysville Lodge No. 704, B. P. O. E., has elected these officers for ensuing term:

E. R.—W. B. Pecor.  
E. Leading K.—Gordon Sulser.  
E. Loyal K.—William C. Watkins.  
E. Lecturing K.—John H. Murray.  
Secretary—J. Allen Dodson.  
Treasurer—John C. Kackley.  
Tiler—John J. Klipp.  
Trustee three years—W. W. Melvain.  
Grand Lodge Representative—Thomas M. Russell; alternate, W. Henry Wadsworth.

The BULLETIN tenders sincere condolences to Editor J. W. Eylar, of the Georgetown (O) News-Democrat. Mr. Eylar's wife died suddenly Tuesday night, of apoplexy. The sad news of her death came as a shock to her many friends.

Mr. John Fettes, of near Covedale, is in possession of a madstone which has performed some wonderful cures, says the Vanceburg News.
